IN THE CLAIMS

Please cancel claims 2, 8 and 14, and amend claims 1, 7 and 13 as follows:

1. (CURRENTLY AMENDED) A method for operating a graphics program in a computer, comprising:

performing one or more functions of a Sheet Set Manager in the graphics program,

(a) wherein the Sheet Set Manager manages [[a]] one or more Sheet Sets, each of the Sheet Sets comprises a collection of zero or more Sheets and Subsets of the Sheets, and each of the Sheets comprises a drawing, layout or view, [[and]]

(b) wherein the Sheet Set Manager includes a window that presents a logical structure for Sheet Sets in a visual form comprising a hierarchical representation of the Sheet Sets, and

(c) wherein the Sheet Set Manager allows users to place callouts on the Sheets directly from [[a]] the window of the Sheet Set Manager showing [[a]] the logical structure for the Sheet Sets in visual form, and the callouts indicate which other Sheets or Views to display for additional information.

2. (CANCELED)

3. (ORIGINAL) The method of claim 1, wherein the Sheet Set Manager automatically creates fields that display appropriate labels when the callouts are placed on the Sheets.

4. (ORIGINAL) The method of claim 1, wherein the Sheet Set Manager allows users to place callouts on the Sheets before a referenced Sheet or View has been defined.

5. (ORIGINAL) The method of claim 1, wherein the Sheet Set Manager automatically updates the callouts.

6. (ORIGINAL) The method of claim 1, wherein the Sheet Set Manager allows users to create collections of callouts.

-2-

7. (CURRENTLY AMENDED) An apparatus for operating a graphics program in a computer, comprising:

a graphics program, executed by the computer, and performing one or more functions of a Sheet Set Manager in the graphics program,

(a) wherein the Sheet Set Manager manages [[a]] one or more Sheet Sets, each of the Sheet Sets comprises a collection of zero or more Sheets and Subsets of the Sheets, and each of the Sheets comprises a drawing, layout or view, [[and]]

(b) wherein the Sheet Set Manager includes a window that presents a logical structure for Sheet Sets in a visual form comprising a hierarchical representation of the Sheet Sets, and

(c) wherein the Sheet Set Manager allows users to place callouts on the Sheets directly from [[a]] the window of the Sheet Set Manager showing [[a]] the logical structure for the Sheet Sets in visual form, and the callouts indicate which other Sheets or Views to display for additional information.

8. (CANCELED)

9. (ORIGINAL) The apparatus of claim 7, wherein the Sheet Set Manager automatically creates fields that display appropriate labels when the callouts are placed on the Sheets.

10. (ORIGINAL) The apparatus of claim 7, wherein the Sheet Set Manager allows users to place callouts on the Sheets before a referenced Sheet or View has been defined.

11. (ORIGINAL) The apparatus of claim 7, wherein the Sheet Set Manager automatically updates the callouts.

12. (ORIGINAL) The apparatus of claim 7, wherein the Sheet Set Manager allows users to create collections of callouts.

-3-

13. (CURRENTLY AMENDED) An article of manufacture comprising a program storage device embodying instructions that, when executed by a computer, cause the computer to perform a method for operating a graphics program in a computer, comprising:

performing one or more functions of a Sheet Set Manager in the graphics program,

(a) wherein the Sheet Set Manager manages [[a]] one or more Sheet Sets, each of the Sheet Sets comprises a collection of zero or more Sheets and Subsets of the Sheets, and each of the Sheets comprises a drawing, layout or view, [[and]]

(b) wherein the Sheet Set Manager includes a window that presents a logical structure for Sheet Sets in a visual form comprising a hierarchical representation of the Sheet Sets, and

(c) wherein the Sheet Set Manager allows users to place callouts on the Sheets directly from [[a]] the window of the Sheet Set Manager showing [[a]] the logical structure for the Sheet Sets in visual form, and the callouts indicate which other Sheets or Views to display for additional information.

14. (CANCELED)

15. (ORIGINAL) The article of claim 13, wherein the Sheet Set Manager automatically creates fields that display appropriate labels when the callouts are placed on the Sheets.

16. (ORIGINAL) The article of claim 13, wherein the Sheet Set Manager allows users to place callouts on the Sheets before a referenced Sheet or View has been defined.

17. (ORIGINAL) The article of claim 13, wherein the Sheet Set Manager automatically updates the callouts.

18. (ORIGINAL) The article of claim 13, wherein the Sheet Set Manager allows users to create collections of callouts.
